Significance: Building T-44 was utilized as a general warehouse.
As a Category Type 3 structure, it has been
determined that Building T-44 functioned as part
of the Pearl Harbor Naval Base but is only of
minor importance to the historic character of the
National Historic Landmark.

Description: The building was constructed as a single-story
quonset hut warehouse. The overall dimensions of
the building are 101 feet by 41 feet by 16 feet.

History: The building was constructed at a cost of \$8,000
in 1944 as a general warehouse. Part of the
building was utilized as a Radiological
Decontamination Training Facility between 1951-
1965. Between 1960-1963, the building was
utilized as a radioactive material storage area.
Demolition is proposed due to the building's
deteriorated condition.
